

## St. Christopher's School

ESTABLISHED 1911

January 12, 2017

Dear Dr. Vassilieva,

I am writing to respectfully request that St Christopher's School be considered as a partner in the Virginia Preventure Trial. As an independent, Episcopal Church school we are committed to understanding, engaging, and teaching boys effectively. We help boys develop the character, wisdom, and life skills required to succeed in all aspects of life and as such, are always seeking the most effective approach to drug and alcohol prevention. We are uniquely positioned to help with your goal of assessing substance use prevention as it relates to neuropsychological factors as possible predisposing factors.

We are in full support of implementing Preventure in Virginia and would be committed to full participation of the trial.

Sincerely,

Ann Vanichkachorn, M.D., F.A.C.O.G  
Director of Health Services  
St. Christopher's School  
Richmond, VA 23103
